Fusion Journey

Our company is a ***Michigan based company*** established in 2008. It came about when two Moms came together, one whom customized photo jewelry and one whom customized photo tiles.

Here is our story...

First, Andrea was looking to incorporate jewelry into her business that started as a hobby in 2004. Her business had expanded into a great home based business but needed the extra creativity with jewelry. Andrea was introduced to Melissa to discuss the possibility of combining her tile work into a piece of jewelry. After meeting with Melissa and handing her the photo tile, she took her sterling silver wire and started to artistically work with the stone. Once she wrapped the tile and attached it to her existing necklace, the fusion between the two Moms began.

Yes, two Michigan Moms fused their talents into one to become Fusion Jewelry and Tiles.

Our Name & Logo

Fusion, our name, came from the fusing our talents. You might notice that the "O" in our company logo is a PUZZLE PIECE. The puzzle piece brings us to the next part of our great story. The puzzle piece represents Autism. This is the reason Melissa and Andrea were introduced. Melissa's child, Grant, is autistic and his therapist introduced Melissa and Andrea. We owe our dedication and our commitment to Grant and other autistic children.

Our Mission

We are striving to make a difference for more autistic children by donating a portion of our sales to the Lapeer Autism Family Relief Fund through the Lapeer County Community Foundation. This fund helps autistic children with early intervention. This is a fund which Melissa started in honor of her son, Grant, when they first met.

We thank you in advance for your support.
